

Alejandro Fernandez-Tatum, M.D.

Undergraduate Education: Davidson College

Medical School: University of North Carolina – Chapel Hill

Surgical Residency: Carolinas Medical Center, Charlotte, NC

Dr. Fernandez-Tatum is originally from Madrid, Spain and graduated from the American School of Madrid before moving to North Carolina to attend Davidson College, where he received his Bachelor's degree in Biology and Concentrations in Chemistry and Medical Humanities. He received his Medical Degree at UNC-Chapel Hill. He completed his Internship and Residency in General Surgery and Fellowship in Vascular Surgery at Carolinas Medical Center in Charlotte, NC and is currently Board Qualified.

His Vascular Fellowship has gained him extensive expertise in both Open and Endovascular Surgery, allowing him to treat all arterial and venous diseases, including abdominal aortic aneurysms, peripheral arterial disease, dialysis access, and varicose veins and reflux.

As a native Spanish speaker and certified interpreter, he has a special interest in providing surgical services to the Hispanic community.

Dr. Fernandez-Tatum operates at both CMC and Presbyterian hospitals.

Dr. Fernandez-Tatum sees patients at our Mercy Medical Plaza office and welcomes new patients from Charlotte and the surrounding areas.
